ABOUT ME

Innovative and detail-oriented Web Developer with expertise in front-end and back-end technologies. Proficient in HTML, CSS, JavaScript, and modern frameworks like React and Node.js, with a passion for building responsive, high-performance web applications. Skilled in problem-solving, optimizing user experiences, and implementing scalable solutions. Always eager to learn and stay ahead of emerging web technologies.

EDUCATION

2023 - Present
Pandit Deendayal Energy University

Bachelor's in Technology
Currently pursuing BTech in ICT, with a CGPA of 9.66 up to the 3rd semester. Gaining expertise in software development, embedded systems, and problem-solving through hands-on projects and coursework.

2022 - 2023
Gnyan Dham English Medium School

Higher Secondary Education
Completed Class 12 with a strong foundation in PCM, Python & SQL achieving 90.4% under CBSE. Developed analytical and problem-solving skills essential for technical and academic growth.

EXPERIENCE

2024 - Present
S&T Committee

Web Development - Subcommittee
Actively contributing as a member of the Science and Technical Committee, collaborating with the team on various technical initiatives. Previously played a supporting role in developing the official website for Tesseract X.0, our college's annual technical event.

2023 - 2024
Apogee3

Event Management - Subcommittee
Worked as a member of the Event Management Sub-Committee in the Apogee3 Aerospace Club at PDEU. Assisted in planning and organizing aerospace-related events, workshops, and competitions. Gained valuable experience in teamwork, event coordination, and technical event execution.

SKILLS

- Technical: Proficient in web development (HTML, CSS, JavaScript, React, Node.js) with experience in building responsive and user-friendly applications. Skilled in problem-solving, debugging, and AI integration.
- Soft & Management: Strong teamwork, communication, leadership, and project management skills, gained through active participation in technical events and clubs. Adaptable and always eager to learn.
- Projects: Developed TaskItUp (To-Do App), WebRoo (Responsive Landing Page), and Melodify (Music Streaming Website). Currently exploring AI and emerging technologies for innovative solutions.
